

WELCOME

Dear Colleagues,

On behalf of the California Association for Nurse Practitioners (CANP), we are pleased to invite you to the 33rd Annual Educational Conference, "Hopes and Dreams for the Future of Healthcare". We welcome you to join us where Hopes and Dreams originated—Disneyland® Park in Anaheim, CA—as we celebrate our past and prepare for the future of healthcare.

We are again offering OPTIONAL pre- and post-conference workshops (additional fees DO apply). This optional educational programming will kick off on Thursday with dynamic workshops geared towards increasing expertise in a variety of clinical settings and continues on Sunday.

This year we have expanded the In-tract sessions to run throughout the conference - Thursday through Sunday. Two different poster sessions will be featured.

We are pleased to welcome Commanding Officer: CDR Jacqueline Rychnovsky, NC, USN as our Keynote Speaker who is currently finishing her tenure in Washington, DC as a Nurse Fellow in Senator Daniel Inouye's (Hawaii) office.

Captain Rychnovsky will review healthcare reform past and present and what the future may hold for the NP role. She will highlight the importance of the current healthcare reform package and how nurse practitioners can impact healthcare in the United States.

Opening Ceremonies will include our annual awards for Nurse Practitioner of Distinction and "Bridging Healthcare Needs". The always popular Provider Project Raffle is back again this year - buy your tickets early and pick your favorite prize! You won't want to miss the Sunday morning breakfast session to hear about the Nurse Practitioner Claims Study recently presented by NSO - vital information for the nurse practitioner regarding practice.

CANP is offering a **Conference Membership Special** in conjunction with the Annual Educational Conference. Take advantage of savings up to \$150 by joining CANP today; you will receive member conference registration rates. Visit the CANP website for more information. Don't forget to register for our affiliate sponsored meals and be sure to visit the Exhibit Hall.

We would like to extend a special thank you to our corporate sponsors and exhibitors, Tiffany Tyler Ewing, CANP Conference Manager, our Conference Committee and a special thanks to the CANP Education Affairs Committee for their efforts in making this meeting a premier clinical event.

Check the CANP website www.canpweb.org for updates on the conference. We look forward to seeing you!

Sincerely,

Surani Kwan, RN, MSN, FNP
CANP President-Elect
Conference Chairperson

M. Fe White, MSN, NP
CANP Education Chair
Conference Committee Co-chair

CONFERENCE COMMITTEE

Surani Kwan, RN, MSN, NP
CANP President Elect, Chair

M. Fe White, MSN, NP, Co-chair
CANP Education Affairs Chair
Karen Ketner, MSN, NP – CANP President
Beth Haney, MSN, FNP-C
– Health and Policy Chair
Mary Schoenbaum, RN, MSN, ACNP
Kathy McCloy, RN, MSN, ACNP
Tiffany Tyler Ewing

ABSTRACT COMMITTEE

M. Fe White, MSN, NP
CANP Abstract Chair

CANP Education Affairs Chair
Emily Caldwell, NP, ACNP
Holly Hansen, RN, MSN, ANP, CCRN
Beth Keller, NP
Elizabeth Radsloff, PNP
Mary Schoenbaum, RN, MSN, ACNP

EDUCATION AFFAIRS COMMITTEE

M. Fe White, MSN, NP
CANP Education Chair

Stephanie Yoakum, NP, ACNP
Emily Caldwell, NP, ACNP
Beth Keller, NP
Elizabeth Radsloff, PNP
Jean Clancy, ANP – C
Susan Medley, NP
Mary Schoenbaum, RN, MSN, ACNP
Laura Miller, FNP-BC, MSN
Holly Hansen, RN, MSN, ANP, CCRN
Maggie Dewan, NP
Kathy McCloy, RN, MSN, ACNP
Suzanne August-Schwartz, DNP, APRN, FNP
Helene Holbrook, NP
Tamara Harrison, NP, ACNP

A special thank you for the support of the Education Affairs Committee

IMPORTANT INFORMATION

CANP CORE PURPOSE

CANP exists to advocate for nurse practitioners and their patients.

PROGRAM GLOBAL OBJECTIVE

- Provide current clinical, pharmacologic, diagnostic, and management knowledge and skills in patient care across the lifespan;
- Provide a forum for the exchange of ideas and clinical experiences with colleagues involved in the delivery of patient care;
- Discuss professional, educational, and financial issues affecting the role of the advanced practice nurse as they relate to primary and acute care practice specialties;
- Provide information on emerging trends in healthcare, practice management, and political issues to assist advanced practice nurses in positioning their practice for the future of healthcare;
- Challenge participants to consider the complexities of an interdisciplinary, highly complex healthcare system as it affects future roles and practice opportunities.

CONTINUING EDUCATION STATEMENT

Contact hours for this continuing nursing education activity has been submitted to the Arizona Nurses' Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. 20+ contact hours will be submitted for approval. Determination of credit is pending. Please contact Tiffany Tyler Ewing at CANP for more information about contact hours.

QUESTIONS?

Tiffany Tyler Ewing
CANP Meeting Manager
(916) 441-1361
ttyler@amgroup.us

CANP IS MOVING OUR MEETING TO GREENER PASTURES...

Paperless not Paperfree - As you know, CANP is trying to reduce the amount of paper we use at our annual conference. This is both an effort at responsible environmental conservation, and a true effort to increase the quality and timeliness of the resources provided through this learning experience. Once again electronic program materials will replace paper and will be accessible during and after the program on the CANP website, www.canpweb.org. We will continue to provide the program evaluation online.

"THE HOT SPOT" CYBER CAFÉ

Let's face it we are all slaves to technology – CANP understands this and to assist our attendees and our vendors in staying connected we are providing an Internet café in the registration area for the length of the conference. Bring your laptop use our connection.

ACCOMMODATIONS

Disneyland® Hotel
1150 West Magic Way
Anaheim, CA 92803-3441
Telephone: (714) 520-5005

RESERVATIONS

Call (714) 520-5005 or go online and reserve your room at www.canpweb.org, click on **SAVE THE DATE** to secure reservations.

The Disneyland® Hotel is offering a special CANP rate of \$175 per night single or double occupancy. Reservations must be made no later than March 3, 2010 to receive this special rate. Please note that rooms are limited and the CANP rate is subject to availability. Hotel reservations are the responsibility of the individual. Make your reservations early!

REGISTRATION INFORMATION

Your registration fee includes all main conference programs/in-track sessions on Thursday, Friday and Saturday and the Friday Town Hall Meeting and Government Relations Update Luncheon. Optional dinner programs are provided by sponsors (not CANP) and may have limited attendance. ALL WORKSHOPS and the CSII Course carry additional fees, and several have limited enrollment, so please register early in order to increase your chances of placement. Guest Exhibit Hall Pass registration includes entry to the exhibit hall on Thursday, Friday and Saturday. It does not include any other conference meals, sessions, or events and is NOT available to individuals who have a RN license.

Disneyland® TICKETS!

Disneyland® tickets are available at a discounted rate for the CANP Annual Conference. Tickets can be purchase online at www.canpweb.org.

(All tickets, offers, events, age ranges, services, attractions and entertainment may be seasonal and are subject to restrictions and change without notice.)

CANCELLATION

Registration may be canceled by written request only. Cancellations must be received on or before February 20, 2010. A \$50 administrative fee will be deducted from all refunds. No refunds will be given after February 20, 2010. Written cancellations should be mailed to:

CANP
One Capitol Mall, Ste. 320
Sacramento, CA 95814

OR

Email to ttyler@amgroup.us

SUGGESTED DRESS FOR THE CONFERENCE

Business casual attire is acceptable for the meetings. Keep in mind that the meeting rooms will be air-conditioned. For comfort, a jacket or sweater is suggested. Anaheim temperatures average 60 degrees in March.

CHILDREN

Children and infants will not be allowed into sessions. For safety and insurance reasons, they will not be permitted in the exhibit hall. Childcare arrangement may be made though the Disneyland® Hotel concierge.

ADA COMPLIANCE

The CANP Annual Conference site is in compliance with the Americans with Disabilities Act. If you need assistance please contact CANP prior to the conference.

SCHEDULE

THURSDAY MARCH, 25 & FRIDAY, MARCH 26

THURSDAY, MARCH 25

2:00 – 6:00 pm Registration/Information

2:00 – 5:00 pm Four Workshops 3 Hours CE

W-1 12 LEAD EKG: A SYSTEMATIC APPROACH

Kathy McCloy, RN, MSN, ACNP

This workshop will focus on the development of a systematic approach to the interpretation of the 12 lead EKG. Case study format will be utilized to review criteria for the normal EKG as well as common arrhythmias and abnormalities encountered in daily practice.

W-2 NP CAREER INNOVATIONS FOR ANY ECONOMIC TIMES

Melanie Balestra, MN, NP, JD

This workshop will address topics that affect NP job security in today's economic crisis.

W-3 MEDICAL AESTHETICS: AN OVERVIEW

Beth Haney, MSN, NP-C

This presentation will provide a basic overview of the latest, most popular aesthetic treatments with emphasis on the newest products, emerging trends, possible complications, and safety, including live demonstrations of neuromodulator and dermal filler treatments.

W-4 SURVIVAL SPANISH FOR NURSE PRACTITIONERS

William C. Harvey, MS

This program is designed for health care personnel who understand and speak very little or no Spanish, and are interested in an effective, non-threatening language learning experience. Course content includes basic vocabulary and grammar, along with conversational expressions, questions, and commands tailored to the needs of all those attending.

4:00 – 5:15 pm Two In-track Sessions 1.25 Hours CE

T1 HYPO SEXUAL DYSFUNCTION DISORDER

Barbara Dehn, RN, MSN, NP

Female sexual dysfunction (FSD) is a common disorder affecting over 40 percent of women between the ages of 18-65. This program provides resources and tools for the diagnosis of hypoactive sexual desire disorder (HSDD), and utilizes video cases to exemplify how to discuss HSDD with patients.

T2 LEADERSHIP TRAINING – THE RIPPLES AFTER THE WAVE

Tracey Fremd, NP

This is a 'how to' course for regenerating inspiration, maintaining a non-obstructive leadership and recreating your wave. This is course applies all leadership roles; professional, philanthropic, and personal. The objective of this course is to set a roadmap of what happens after the peak of leadership occurs.

5:30 – 7:30 pm Welcome Reception/Exhibits Open/Posters

7:30 – 9:30 pm Affiliated Sponsor Symposium -TBA

FRIDAY, MARCH 26

6:00 – 6:45 am Early AM Group Exercise

7:00 – 8:00 am Early AM Coffee with Exhibitors

7:00 – 9:00 am Exhibits Open/Poster Session

7:00 – 8:30 am Affiliate Symposia Breakfast:
Heartburn and GERD

9:00 – 9:30 am Opening Ceremonies Awards

9:30 – 11:00 am Keynote Speaker: Healthcare Reform and
the Role of the Nurse Practitioner
1.5 Hours CE

*Jacqueline Rychnovsky, PhD, RN, CPNP
Captain Nurse Corps US Navy*

This keynote session will highlight the importance of the current healthcare reform package and how nurse practitioners can impact healthcare in the United States. Captain Rychnovsky will review healthcare reform past and present and what the future may hold for the NP role.

11:00 – 11:15 am BREAK

11:15 – 1:15 pm CANP Town Hall Meeting / Government
Relations Update Luncheon
CANP BOD and HPP Committee Panel

1:15 – 2:30 pm Five In-track Sessions 1.25 Hours CE

F-1 THE NEW "DUAL ACTION" DRUGS FOR CHRONIC AND ACUTE PAIN

Tracey Fremd, NP

Just like living in today's tough economic climate, selecting a drug that offers more 'bang for the buck' can make good sense for your patient. Several new drugs are available that help reduce polypharmacy in patients with chronic and acute skeletal, neurological, muscular and depressive disorders.

F-2 IS YOUR PATIENT MEDICALLY OPTIMIZED TO UNDERGO SURGERY AND ANESTHESIA?

Holly Hansen, RN, MSN, ANP, CCRN

This presentation will focus on the perioperative exam and findings, identification of risk factors, utilization of tools for risk assessment, and implementation of pharmacologic risk reduction therapy.

F-3 BEAUTY AND THE VEINS

Jessica Wallace, RN, MSN, FNP

This presentation will be limited to the treatment of telangiectasias (spider veins). The incidence, prevalence, treatment, and injection techniques of telangiectasias will be reviewed. Financial considerations discussed.

F-4 CLINICAL PEARLS FOR CHILDHOOD OBESITY CARE: A UNIFIED NP EFFORT

Kathy Shadle-James, NNSc, FNP, WHNP

This is a presentation on clinical, school and community approaches to addressing childhood obesity. Discussion on how to address obesity in 15 minute visits, 30 minute visits and in small group settings will be covered. Participants in this seminar are encouraged to share their TIPS FOR PRACTICE.

F-5 BODY COMPUTING: CONNECTION TO THE FUTURE OF HEALTHCARE

Leslie Saxon, MD

This presentation will discuss how this technology advancement can improve the quality of life for patients and the effect it may have on our clinical practices.

2:30 – 2:45 PM BREAK

2:45 – 4:00 pm Five In-track Sessions 1.25 Hours CE

F-6 ALCOHOL ABUSE AND DEPENDENCE, HOW IT AFFECTS YOUR PATIENT

Kristin Rhodes, RN, MSN, FNP-C

This presentation will focus on identifying alcohol abuse, understanding the disease of addiction, recognizing intoxication and knowing how to support and refer without enabling which can help you to improve patient care.

F-7 DEEP VEIN THROMBOSIS: PREVENTION AND MANAGEMENT

Sarah L. Miller, ACNP-BC, CCNS, MSN

An overview of DVT/PE risk assessment and prophylaxis based on the latest evidence based guidelines. DVT/PE is a considerable economic burden in today's healthcare environment.

F-8 RECOGNIZING AND EMBRACING THE GENDER VARIANT PATIENT

Cecil D. Cosby, PhD, FNP/PA-C

This presentation discusses the health disparities impacting the transgender population in California, and proposes primary care interventions to improve patient outcomes.

F-9 THE DNP AND PHD: BRIDGING THE GAP TO ADVANCE PRACTICE & SCIENCE

Donna Emanuele, DNP, FNP-BC, RN

Eva Meyers, PhD, FNP-BC, RN

The role of the DNP in the research and clinical process is distinct yet complementary to the role of the PhD prepared nurse. Working in synergy, the profession of nursing can lead the way toward improved clinical practice.

F-10 ELECTRONIC MEDICAL RECORDS: THE KAISER PATIENT EXPERIENCE

Loretta Allen, RN, MSN

Jennie M. Kim, RN, MSN

This presentation discusses the current state and the future of computer-linked care including an e-visit using web based secure messaging systems provided by Kaiser Permanente.

4:15 – 5:30 pm Five Breakout Lectures 1.25 Hours CE

F-11 VIRAL HEPATITIS FOR PRIMARY CARE PROVIDERS

Lucy Mathew, NP

This presentation offers a practical approach to providers caring for patients with chronic liver disease. This includes basic anatomy and physiology of the liver; abnormal liver enzyme work-up, risk factors for viral hepatitis, appropriate screening and diagnostic tests, importance of patient education, and treatment options.

F-12 OBESITY: THE NEW HEALTH CRISIS

Margaret Rowberg, DNP, APN

This session will discuss the scope of the problem of obesity, the issues surrounding weight loss efforts and will identify specific strategies for weight loss and weight maintenance management through a case-based approach.

F-13 ABNORMAL PAP SMEAR, WHEN TO REFER FOR COLPOSCOPY

Michele Bunker-Alberts, FNP-BC, IBCLC

This session will consider the basics of abnormal Pap smear management, explore the treatment algorithms, discuss the differences between cytologic and histologic changes, and consider our approach to cervical cancer screening.

F-14 THE COMPLEXITIES OF DIAGNOSING AND TREATING EOSINOPHILIC ESOPHAGITIS

Kevin Letz, DNP, RN, CEN, ANP, CS, FNP-C, PNP, BC, AE-C

Kari Ksar, RN, MS, CPNP

Participants in this course will be challenged via case study on the complexities of the diagnosis and management of EE. While both evaluation and management of EE should occur by allergy and gastrointestinal specialty providers the recognition and familiarity of EE by primary care providers is becoming increasingly important.

F-15 CARING FOR THE HEART FAILURE PATIENT ACROSS THE CONTINUUM

Peggy Kirkwood, RN, MSN, ACNPC

This session will assist the NP to care for heart failure patients throughout the continuum of the disease, from the asymptomatic patient to the acutely decompensated patient.

**6:30 – 8:30 pm Affiliate Symposia Dinner:
Respiratory Tract Infection**

SATURDAY, MARCH 27

SATURDAY, MARCH 27

6:00 – 6:45 am Early AM Fun Run

7:00 – 8:00 am Early AM Coffee with Exhibitors

7:00 – 9:00 am Exhibits Open

8:00 – 10:00 am Breakfast Session 2 Hours CE
A CASE-BASED APPROACH TO IMPROVING PATIENT OUTCOMES IN HIV/AIDS
Debra Trimble, RNC, MS, FNP-C, AACRN

This presentation is designed to improve the ability of Nurse Practitioners to recognize the signs and symptoms of HIV/AIDS; to counsel infected patients on therapeutic options and strategies to minimize risk of transmission; to understand the components of the various HAART treatment regimens and their potential side effects; and to provide appropriate referrals to specialty care. Participants will have the opportunity to share and problem-solve their patient management issues with the faculty.

10:00 – 10:15 AM BREAK

10:15 – 11:30 am Five In-track Sessions 1.25 Hours CE
S-1 EXPERIENCES LEARNED FROM THE H1N1 PANDEMIC INFLUENZA
D. Scott Smith, MD

This course will review lessons learned by the presenter in diagnosing, managing, and reporting this novel H1N1 Influenza. Public education and use of vaccine as prevention strategies for H1N1 will be explored.

S-2 PERIPHERAL ARTERIAL DISEASE: HAVING A LEG TO STAND ON
Mary Schoenbaum, RN, MSN, ACNP
Kathy McCloy, RN, MSN, ACNP

Peripheral Arterial Disease is associated with significant mortality and morbidity. Implementation of evidence based practice guidelines allows the nurse practitioner to improve survival in this group of patients.

S-3 MAINTAINING LACTOGENESIS IN MOTHERS OF PRE-TERM BABIES
Mary DeNicola, NP, MSN, CLC

This presentation is a "Recipe for Breastfeeding Success", including prescription galactagogue therapy, specific to the high risk NICU premature infant, applicable to all babies.

S-4 CONGENITAL HEART DISEASE: THE ADULT PERSPECTIVE
Pam Miner, RN, MN, NP

This presentation will provide an overview of the growing cardiology subspecialty of congenital heart disease (CHD) in adults. An introduction to the 2008 ACC/AHA guidelines for management of CHD in adults will be provided.

S-5 INTEGRATIVE EAST-WEST MEDICINE – THE UCLA EXPERIENCE
Malcolm Beng-Tee Taw, MD

This presentation will provide an introduction to one of the emerging complementary and alternative modalities in health care: Integrative East-West Medicine. Differences and similarities between conventional Western and traditional Chinese medicine will be highlighted. Basic concepts as well as diagnostic and therapeutic approaches from traditional Chinese medicine will be described.

11:30 am – 2:00 pm Lunch with Exhibitors/Poster Session/Raffle

2:00 – 3:15 pm Five In-track Sessions 1.25 Hours CE
S-6 DEGENERATIVE CERVICAL SPINE DISORDERS: IS IT RADICULOPATHY OR MYELOPATHY? YOU MAKE THE DIAGNOSIS!

Robert Salsameda, MSN, MPA, RN, NP-C, CNRN, CRNFA
Nurse Practitioners in Primary Care settings play a vital role in identifying patients who would benefit from appropriate neuromodulation modalities. Forty million Americans are affected by movement disorders, newer treatment modalities are emerging such as neuromodulation therapies.

S-7 UPDATE OF SUDDEN CARDIAC DEATH
Christina Light Martinez, RN, MSN, ACNP, CMC
Andrea Tusinski, RN, MSN, ACNP

The prevalence, various etiologies and clinical implications of sudden cardiac death will be discussed in a group setting.

S-8 INFECTIONS OF THE DUCTS: ETIOLOGY, ASSESSMENT, AND TREATMENT
Christine M. Betzold, NP, MSN, CLC

Clinicians will learn how to identify, assess and treat breastfeeding mothers who are affected by infections of the mammary ducts.

S-9 HEALTH CARE REFORM & INVESTING IN OUR CHILDREN'S HEALTH: A REPORT CARD
Karen Duderstadt, PhD, RN, CPNP

This presentation reports on the status of pediatric health in America as well as the impact of health care reform (HCR) on access to health care services for low and middle-income families and on children with special health care needs.

S-10 ACUPUNCTURE AND ACUPRESSURE – WHAT, WHY & HOW
Malcolm Beng-Tee Taw, MD

This presentation will provide an in-depth discussion on acupuncture and acupressure elucidating some of the scientific mechanisms. It will review common health conditions for which this modality is recommended for. A demonstration of the five acupressure points and their clinical applications in treating common conditions will be discussed.

3:15 – 3:30 PM BREAK

3:30 – 4:45 pm Five In-track Sessions 1.25 Hours CE
S-11 MOVEMENT DISORDERS & NEUROMODULATION MODALITIES: AN OVERVIEW FOR PRIMARY CARE PROVIDERS

Robert Salsameda, MSN, MPA, RN, NP-C, CNRN, CRNFA
Nurse practitioners are often the professionals in closest contact with patients, recognizing the signs of movement disorder present so that an appropriate differential diagnosis can be generated.

S-12 MANAGEMENT OF HYPERGLYCEMIA IN THE ACUTE CARE SETTING
Linda Kerr, RN, NSN, NP, CDE

The presentation will focus on the Nurse Practitioner's role in safely and effectively maintaining good glycemic control for the hospitalized patient, based on current evidence based guidelines.

SATURDAY (CONTINUED) SUNDAY, MARCH 28

S-13 THE BIOIDENTICAL HORMONE CONFLICT, ARE THEY SAFE AND EFFECTIVE?

Donna Duvall, RN, MN, WHCNP

The Bioidentical Hormone Conflict: What are bioidentical hormones? How do they compare to FDA approved hormones we can prescribe? After the Women's Health Initiative study was publicized in 2002, many women went off their hormones. This session will review the safety and efficacy of Bioidentical hormones.

S-14 HOSPITALIZATION OF THE LATE PRETERM INFANT

Christine M. Betzold, NP, MSN, CLC

Re-hospitalization of breastfed infants born late-preterm or with other risk factors is a hot topic fueled by rising rates of both late-preterm births and breastfeeding.

S-15 THE SCIENCE OF TEA: BLENDING EAST & WEST

Diane Yamamoto Skowron, PharmD

"The Science of Tea: Blending East & West" will introduce and further educate the NP about the benefits of tea as a modality of Complimentary Alternative Medicine (CAM).

5:00 – 6:15 pm Five In-track Sessions 1.25 Hours CE

S-16 NURSE PRACTITIONERS AS PRIMARY CARE PROVIDERS

Donna Emanuele, DNP, FNP-BC, RN

This presentation examines a case example from the State of California that will illustrate how the use of a legislative strategy to advance the clinical and professional autonomy of advanced practice nurses can be successful in changing scope of practice (SOP).

S-17 THE ABC'S OF AORTIC ANEURYSMS

Mary Eng Huntsinger, MSN, ACNP-BC, CNS

Aortic aneurysms affect ~ 15,000 Americans annually. Only 20-30% of people who get to the hospital survive a rupture. This presentation will guide detection, screening, monitoring and treating aneurysms.

S-18 HOW MONEY WORKS FOR NURSES

Patrice Daniels, FNP, MSN, RN

This presentation is sure to benefit all Nurse Practitioners with timely and helpful financial advice, specifically geared towards nurses. The current financial economic crisis is impacting many industries and nursing has not been exempt. Join us for this practical, useful presentation that is sure to offer tools to help nurses weather this storm.

S-19 PACT CLINICAL AND BENEFITS UPDATE: YOUR QUESTIONS ANSWERED

Patty Cason, RN, MS, FNP-BC

All the latest news about "Family PACT"—California's comprehensive state family planning program will be discussed in this session. Benefit changes, clinical highlights, and an update on the Federal 1115 waiver will be reviewed.

S-20 HEALING MODALITIES OF SOMATIC EXPERIENCING, TAI CHI AND MORE

Candace Elliott Weigand, MN, FNP-BC, PMN-BC, SEP

This presentation will provide the participant with information that offers excellent complementary treatment modalities with achievable outcomes for patients in pain, who have had trauma, who have sensitivity to pharmacological treatment or patients who for any reason wish to limit taking medications or avoid no drug therapy.

**6:30 – 8:30 pm Affiliate Symposia Dinner:
TO BE ANNOUNCED**

SUNDAY, MARCH 28, 2010

7:15 – 8:45 am Breakfast Session 3 Hours CE CONTEMPORARY EXAMINATION OF NP CLAIMS - QUANTITATIVE & QUALITATIVE ANALYSIS

Michael J Loughran

Executive Vice President, NSO

Bruce Dmytrow, BS, MBA, CPHRM

Vice President, CNA Global Specialty

Amid growing expectations that health care providers demonstrate quality and safety in clinical practice, in 2005 the Nurses Service Organization (NSO) and their insurance carrier partner, CNA, embarked on the first ever ten year (1994 – 2004) analysis of malpractice actions involving nurse practitioners. This study evaluated claims in a number of critical areas; clinical specialty; claims by state and financial analysis. NSO will present a 2009 update of this study with design modifications based on input from NPs.

9:00 am – Noon Four Workshops 3 Hours CE

W-5 21ST CENTURY CONTRACEPTION

Patty Cason, NP, MS, FNP-BC

Comprehensive dive into 21st century contraception. Primary and Women's Health NPs provide the majority of contraception; exemplify "best practices" to help patients prevent unplanned pregnancy.

W-6 CONTROLLED SUBSTANCE II: AN UPDATE

Karen Ketner, MSN, NP

Suzanne Phillips, NP

Candace Elliott Weigand, MN, FNP-BC, PMN-BC, SEP

This CS II Presentation provides key information and concepts for those wishing to obtain DEA licensure. The content includes the relationship of the natural history of acute and chronic pain, nociceptive and neuropathic pain, and pathophysiology. In addition, other pharmacotherapeutic agents commonly used to treat patients with conditions requiring the use of Controlled Substances II medications will be reviewed.

W-7 ENHANCE YOUR WOUND CLOSURE SKILLS

K. Sue Hoyt, PhD, RN, FNP-BC, CEN, FAEN, FAANP

This workshop will give NP's hands-on training in suturing and wound closure techniques. Practice will be guided by a seasoned Emergency Room NP. A small fee for supply and equipment may apply. Space is limited, participants are urged to register early.

W-8 DEMYSTIFYING HEART SOUNDS

Jasminka Criley, MD

Stuart Criley, MBA

This presentation focuses on the four common valvular lesions in the heart: aortic regurgitation, aortic stenosis, mitral regurgitation, and mitral stenosis. Participants will utilize an IR stethoscope linked to a multi-media program designed to enhance the audio-visual learning experience. In addition, case-based tutorials with high-resolution patient video examinations will guide the participant in recognizing appropriate heart sounds. Due to equipment and space limitations early registration is highly recommended.

SUNDAY, MARCH 28 (CONTINUED)

9:00 – 10:15 am 4 In-track Sessions 1.25 Hours CE

SU1 THE CLINICAL APPLICATIONS OF AB 819: A PANEL DISCUSSION

Colleen Keenan, PhD, FNP-C, WHNP-C
Beth Haney, MSN, NP-C
Suzanne Phillips, MSN, NP

A panel presentation will review the accomplishments of CANP over the past year. Further defining practice for California NP's is highlighted by the recognition for specific authority to certify disability, order durable medical equipment and develop or modify plans of care for home health patients. Attendees will obtain information needed to update standardized procedures and facilitate improved patient access to quality nurse practitioner care.

SU2 DMAT/CALMAT: THE NP ROLE IN DISASTER RESPONSE ORGANIZATIONS

Laura Miller, FNP-BC, MSN

NPs deliver health care in disaster settings. DMAT and other disaster related organizations will be reviewed, as well as an overview of disaster medicine and the role NPs may play in disaster settings.

SU3 ADDRESSING PROFESSIONAL BOUNDARIES WITH PATIENTS

Margarita Baca, ANP, MSN

This presentation will assist participants in clarifying professional boundaries in the areas of dual relationships and sexual/romantic relationships with patients. This session does provide considerations for health care providers in establishing professional boundaries.

SU4 PDA'S: EXPLORING THE CLINICAL APPLICATION

Jill Olmstead, MSN, NP-C

Personal Digital Assistants or PDA's have provided point-of-care technology for many years. This session will update the attendee on current technology, clinical applications and ways to incorporate point-of-care service into your practice.

10:15 – 10:30 AM BREAK

10:30 – 11:45 am 4 In-track Sessions 1.25 Hours CE

SU5 COMMUNITY APPROACH TO ASSESSING DISPARITIES IN PHYSICAL ACTIVITY AMONG URBAN LATINO CHILDREN

Kynna Wright, PhD, RN, MPH, CPNP

This study was undertaken to determine prevalence of overweight status and to assess physical activity behaviors among urban, low-income Latino children ages 7-11 years, in Los Angeles, CA. The data generated from this study can assist APRN's who work with communities to assess the prevalence of overweight children and develop culturally and linguistically appropriate school-based intervention programs.

SU6 DISCIPLINARY ACTIONS, DEPOSITIONS AND LAWSUITS: THE NP SURVIVAL GUIDE

Melanie Balestra, MN, NP, JD

This presentation is a must for any NP wants to protect his/herself from liability.

SU7 EXPERIENCES IN GLOBAL HEALTH CARE

Suzanne August-Schwartz, DNP, APRN, FNP

This presentation will introduce the concepts of the evolving field of global health and discuss the effect of short term medical missions.

SU8 MEN'S HEALTH UROLOGICAL UPDATE

Ali S. Alavi, MD

This presentation will provide a comprehensive overview of common outpatient urologic complaints seen in men including but not limited to prostatitis, prostatic dysphasia, renal calculi and benign prostatic hypertrophy. An overview of guidelines (in a case-study format) for prostate cancer screening and current treatment options for prostate cancer screening will be discussed.

NOON – 1:00 PM ATTENDEE LUNCH ON THEIR OWN

NOON – 1:00 PM SPECIAL INTEREST GROUPS

Join us for this great opportunity to get more information on CANP's new Special Interest Groups or SIGS. Come, meet the chairs and members, see what the group is doing and learn how you can become part of this exciting new project. No lunch provided.

1:00 – 4:00 pm Four Workshops 3 Hours CE

W-9 ENHANCE YOUR GYNE SKILLS: IUC, BIOPSIES AND BLOCKS

Patty Cason, NP, MS, FNP-BC

Detailed instruction on ParaGard and Mirena intrauterine contraceptive placement, as well as endometrial biopsy and paracervical block training. Pelvic models are available to solidify these important gynecological skills.

W-10 TAKE A DEEP BREATH: CHEST X-RAY INTERPRETATION

K. Sue Hoyt, PhD, RN, FNP-BC, CEN, FAEN, FAANP

This course is designed to offer a basic approach to reviewing plain chest films in the pediatric and adult populations. Participants will be given a systematic method for reviewing CXRs. Then, several clinical scenarios will be presented by an experienced Emergency Room NP. Other diagnostics tests such as CT and MRI will also be reviewed.

W-11 RISK MANAGEMENT FOR NPS

Jill Olmstead, MSN, NP-C

Mary Eng Huntsinger, MSN, ACNP-BC, CNS

Melanie Balestra, MN, NP, JD

M. Fe White, MSN, NP

This workshop will provide an overview of risk management. It will describe the current trends for nurse practitioners and the strategies which can be implemented to reduce that risk. Discussions will include identifying the importance of good communication as a mitigating factor to avoid malpractice. Identify difficult patients within your practice and learn how to implement strategies to avoid problems.

W-12 CARDIOMETABOLIC RISK REDUCTION PROGRAM

Gregg C. Fonarow, MD

Andrew D. Watson, MD, PhD

Karol E. Watson, MD, PhD

This workshop will enhance skill in evaluation and management of patients with Cardiometabolic syndrome. Participant-run interactive technology will be used to enhance the learning experience using case-based scenarios.

CSII Workshop

All in-track sessions are included in the registration category you select except for the "Workshop" category. All workshop sessions are a separate or additional registration fee. All seating is limited, registration is required for each in-track session or workshop. All in-track sessions and workshops will be filled on a first-come first registered basis. Once a session reaches capacity, all other registrations will be waitlisted.

Please indicate each SESSION you would like to attend, Workshops are an additional Fee - add to Total Due
